GUTTATE PSORIASIS

PSORIATIC ERYTHRODERMA

CRUSTCURE-S

Clobetasol Propionate 0.05% w/v + Salicylic Acid 6% w/v Cream

Clobetasol

It is used to treat a variety of skin conditions (e.g., eczema, psoriasis, dermatitis, allergies, rash). Clobetasol reduces the swelling, itching, and redness that can occur in these types of conditions. This medication is a very strong (super-high-potency) corticosteroid.

Salicylic Acid

It helps soften, lift, and clear away flakes of skin on psoriasis plaques. It may also reduce swelling. It is often used in combination with other topical treatments, as removing scales may help to improve the effectiveness of some treatments

GLOW OF BEAUTY BACK**

Cutielix

L-Glutamic Acid, Glycine, Proanthocyanidin (Grape Seed Extract)
Alpha Lipoic Acid, L-Cysteine, Vitamin C, Vitamin E & Sodium Selenate **Tablets**

Youthful Radiance: CuCapsule is formulated to promote skin radiance from within, helping to reduce the appearance of skin imperfections and maintaining a healthy glow.

Antioxidant Defense: The blend of L-Glutamic acid, Vitamin C & E, Grape Seed Extract, and Alpha Lipoic Acid provides a powerful defense against oxidative stress, helping to protect cells and tissues.

Skin Brightening: L-Glutamic acid is renowned for its potential to support skin brightening, promoting an even skin tone.

Collagen Support: Vitamin C & E are essential for collagen synthesis, contributing to skin's elasticity and youthful appearance.

Detoxification: L-Glutamic acid aids in detoxifying the body, supporting the removal of toxins and promoting overall well-being.

Cellular Rejuvenation: The antioxidants in Glutazest Capsule aid in rejuvenating cells, supporting your body's natural healing processes.

Overall Wellness: This antioxidant-rich blend not only benefits your skin but also supports your body's overall health and vitality.

Ceglow

Vitamin E 400 IU & Vitamin C 150 mg **Softgel Capsules**
& **Face Serum**

Stretch marks

- Intake of vitamin C and skin-nourishing essentials like vitamin D and E along with a good amount of hydration can help avoid and treat stretch marks.

Antioxidant properties

- Vitamin C and vitamin E help prevent and reverse free radical-induced oxidative damage, thus slowing down signs of skin aging.

Brightening

- Vitamin C can brighten the skin, boost collagen health, minimize the appearance of fine lines and wrinkles, and even out skin tone.

Sunburn

- Vitamin E can protect you from sunburn, soothe the skin, reduce redness, and reduce sun damage.

Wound healing

- Vitamin C is required by the body in all stages of wound healing, and applying it to a wound may speed up healing and reduce scarring.

Skin hydration

- Vitamin E's humectant and emollient properties draw in water and seal moisture into the skin barrier.

Hyperpigmentation

- A combination of retinol and stabilized vitamin C can help reduce hyperpigmentation caused by age, sun damage, and acne.

Dark circles

- Vitamin E has antioxidant and moisturizing characteristics, and although there are few studies that demonstrate that it will help prevent or treat dark circles, it can't hurt.

Granfer **XT**

Ferrous Ascorbate, Folic Acid
Vitamin B12 & Zinc Sulphate Softgel Capsules

Soft

Ferrous Ascorbate

- ◆ Helps to produce an increased number of red blood cells and haemoglobin.
- ◆ It increases oxygen supply to various parts of the body and promotes cell growth and proliferation.

Folic acid

- ◆ It can help maintain the skin's barrier function, which can reduce dryness and improve moisture retention.
- ◆ It can help maintain collagen production, which can reduce signs of premature aging.

Zinc

- ◆ It is anti-inflammatory and antioxidant properties help skin repair itself and reduce inflammation and redness. It also helps treat infections and form platelet cells.
- ◆ It can reduce redness and irritation from acne, and may even help prevent acne scars.

Vitamin B12

- ◆ That regulates inflammatory factors, counters oxidative stress, and reduces apoptosis in many disease models. Oxidative stress is considered a major determinant in the pathogenesis of vitiligo.

Flawless
Face....**

KOJIC ACID

- Inhibits tyrosinase for biosynthesis of melanin¹
- Interferes with the uptake of oxygen required for enzymatic browning

VITAMIN C

- Interacts with copper ions at the tyrosinase active site; reducing agent for melanin formation; inhibits melanogenesis

COMBINATION

- Better than combination of arbutin and glabridin and also arbutin, glycolic acid and kojic acid

Hyper Pigmentation

Skin Lightening

Momevate

Mometasone Furoate 0.1% w/w Cream

Mometasone Furoate

- ✓ It has antipruritic, anti-inflammatory and vasoconstrictive Properties. It also offer a balanced efficacy and safety profile.
- ✓ It is a well tolerated topical glucocorticoid effective in the management of patients with atopic dermatitis, seborrhoeic dermatitis, scalp psoriasis and psoriasis vulgaris. In addition to its low potential for causing primary sensitisation and cross-reactions with other topical glucocorticoids, it offers the convenience of one-daily administration.

Indication :

- ⊗ Atopic dermatitis
- ⊗ Contact dermatitis
- ⊗ Seborrheic dermatitis
- ⊗ Genital Lichen sclerosis
- ⊗ Vitiligo
- ⊗ psoriasis
- ⊗ Lichen planus
- ⊗ Infective Eczema

Revitalizes Hair Follicles to Stimulate Growth

Minohike-F/10%

Minoxidil 5.0% w/v & Finasteride 0.1% w/v **SPRAY/Solution**

Minoxidil 10.0% w/v **SPRAY/Solution**

MINOXIDIL

- FDA approved drug for treatment of androgenetic alopecia
- Promotes hair growth by shortening telogen (resting) phase of hair follicles, and inducing anagen (growth) phase
- Stimulate hair increase by promoting blood circulation to the hair follicles

FINASTERIDE

- Effective and well-tolerated drug that improves hair count
- Blocks conversion of testosterone to dihydrotestosterone, androgen responsible for male pattern hair loss

INDICATION

- **ANDROGENIC ALOPECIA**
- **HAIR LOSS**
- **ALOPECIA AREATA**

A Novel Adjunctive Therapy for Hair Loss

Advanced hair growth serum

Superhike Hair Serum Hair Oil

Isopropyl Myristate, Octyl Methoxy cinnamate, Cyclomethicone, Dimethiconol, Moroccan Argan Oil, Jojoba Oil, Almond Oil, Vitamin E. **Hair Serum**

The Ultimate Solution for Hair Restoration

Isopropyl Myristate

- ➔ These are excellent benefits for hair care! With its hydrating properties, it locks in moisture and prevents water loss, while reducing frizz and static for smoother, shinier locks.

Octyl methoxycinnamate (OMC)

- ➔ It is a UV absorber that's used to hair protect against the sun's damaging effects

Dimethiconol

- ➔ It seems to be quite the versatile ingredient in hair care , forming a protective barrier to retain moisture, smooth strands, add shine, and tame frizz. It also helps combat split ends, tangles, and static, while giving hair a softer texture and more body.

Cyclomethicone

- ➔ It is a multitasking gem in hair care, smoothing tangles and adding shine while improving product texture for silky hair. It also aids in alleviating dryness and may reduce irritation, offering comprehensive hair care benefits.

Benefits of :

Moroccan Argan Oil
Jojoba Oil
Almond Oil
Vitamin E

Reactivates Hair Stem Cells for Growth and Prolongs Life-Cycle of Hair, thus Giving you a fuller Hair

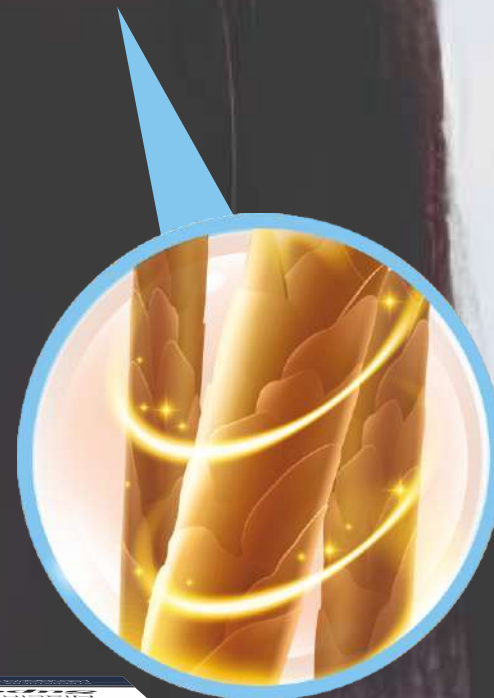

Provides complete
nourishment to damaged hair

Super Touch 7

Biotin, Calcium Pantothenate, Methionine Iron, L-Arginine,
Betacarotene, Folic Acid & Niacinamide **Tablets**

- ❖ Scientifically formulated nutritional support that significantly increases hair growth
- ❖ Biotin acts as a coenzyme for mitochondrial carboxylases in hair roots which are involved in fatty acid & amino acid metabolism¹
- ❖ Stops alopecia which is one of many consequences associated with biotin deficiency
- ❖ Improves overall hair volume, scalp coverage and thickness of hair
- ❖ Enhances hair shine, scalp moisture retention and scalp smoothness

1. J Drugs Dermatol. 2014 Jul;13(7):809-12
